GET TO KNOW THE NEW MEDICATION LOOKUP TOOL

With a simple search, you can see which medications our plans cover.

KEY FEATURES

Using the tool, you can:

- How they're dispensed, such as pills, liquids, and injections

Learn which medications have additional coverage requirements, such as Prior Authorization, Step Therapy, and Quality Care Dosing

See Which Medications Are Covered by Your Plan

Medication coverage is determined by a plan's tier structure. The tool defaults to a 3-tier medication plan, which is our most common pharmacy plan. If you have a different plan, you can filter your search, using the tier plan drop-down next to the search bar. If you're not sure which plan you have, you can follow the easy instructions included within the tool to find this information.

Anyone Can Use It

This is a public search tool, so anyone can use it. It's a great option if you, a friend, or a family member is considering one of our plans. You can easily find out if your medication is covered, or see covered alternatives if it's not.

Learn More in the Important Information Section

Within the tool, you can find additional information and resources about medications and coverage, such as Specialty Pharmacy Contact Information, and medication lists such as \$9 Generics, Maintenance Medications, Specialty Medications, and Over-the-Counter Exclusions.
