

Calling Creative Kids!

DESTINATION IMAGINATION®

Destination Imagination (DI), is an international program where students work together in teams to solve open-ended STEAM challenges designed to teach the creative process. The creative process fosters learning, vital life and career skills—creative thinking, critical thinking, public speaking, and collaborative problem-solving—that help them feel empowered and set them up for success in their future.

For over thirty years, Peabody Public Schools has provided this opportunity for all K-12 students to join this amazing program. Teams of up to 7 students may be created alongside a manager over 18 years of age to mentor and guide the team.

The Destination Imagination season runs from early fall - March.
